

STATE OF SOUTH CAROLINA     )

COUNTY OF SPARTANBURG     )

RESOLUTION

CITY OF INMAN                     )

**A RESOLUTION ADOPTING THE GOALS THAT THE INMAN CITY  
COUNCIL ESTABLISHED AT ITS FEBRUARY 23, 2019 ANNUAL  
PLANNING SESSION.**

---

**WHEREAS**, the City Council held an annual planning session on February 23, 2019; and

**WHEREAS**, the purpose of the annual planning session was for the City Council to evaluate its progress towards achieving the goals established pursuant to Resolution #2018-09; and

**WHEREAS**, the City Council developed a list of updated goals at the February 23, 2019 annual planning session; now therefore

**BE IT RESOLVED** by the Mayor and City Council of the City of Inman, South Carolina:

**Section 1:** That the City Council establishes the following goals, listed in order of priority with the highest priority goals coming first:

- A. Develop and execute a plan for a Phase II Streetscape project. This project would extend the recent updates along Main and Mill Streets to include other areas of downtown.
- B. Develop and execute a plan for increasing downtown amenities.
- C. Recruit a restaurant and/or brewery to the Central Business District.
- D. Develop and expand a conservative fiscal management plan. A component of this plan would be adherence to the city's reserve funds policy. This will allow the city to reserve funds to allow for future grant matches.
- E. Maintain a focus on downtown development by identifying incentives that the city can offer new businesses in the Central Business District. Streamline the process a new business needs to follow with all relevant materials in one location.
- F. Create and implement an employee classification and pay plan, personnel policies, a merit-based pay program, and frequent performance appraisals.
- G. Identify, evaluate, and, if possible, implement ways to expand and improve fire protection service for residents and businesses.
- H. Engage with an architect and/or designer to formulate a renovation plan for city hall.
- I. Evaluating our roads and the available funding streams to help pay for repairs. Research responsible entities and develop a plan to make sure projects are completed.
